

HEDIS® Provider Guide:

Measure Description

Postpartum visit for a pelvic exam or postpartum care with an OB/GYN practitioner or midwife, family practitioner or other PCP on or between 7-84 days after delivery. A Pap test within 7-84 days after delivery also counts.

Documentation in the medical record must include a note with the date when the postpartum visit occurred and one of the following:

- Pelvic exam.
- Evaluation of weight, BP, breast and abdomen.
- Notation of “postpartum care”, “PP check”, “PP care”, “6-week check”, or pre-printed “Postpartum Care” form in which information was documented during the visit
- Perineal or cesarean incision/wound check
- Screening for depression, anxiety, tobacco use, substance use disorder, or preexisting mental health disorders.

Using Correct Billing Codes

Please note that global billing or bundled codes do not provide specific date information to count towards this measure.

Codes to Identify Postpartum Visits

How to Improve HEDIS® Scores

- Schedule your patient for a postpartum visit within 7-84 days from delivery
- Reference the postpartum calendar to ensure the visit is within the correct time frame.
